## THE BIKE

One of the earliest models in Harley-Davidson's evolution of the American motorcycle, the Strap Tank represented a first in design and innovation. Considered the best unrestored example of the Strap Tank model in existence, sporting its original paint job, engine, frame and tires, it now resides in the Legends Motorcycles building across from the pub. A replica sits in our entry-way.

The building you're sitting in is the culmination of owner Rick Salisbury's 40 years of building experience. He meticulously designed the pub and brewery to be inviting and fun, while also being a replica of the original Harley-Davidson motorcycle factory. Feel free to check out the 100 year-old motorcycles and custom oil-paintings, buffalo, mermaid and more, all of which occupy the amazing room you find yourself in!

## THE HERITAGE

Like its namesake, Strap Tank Brewery is committed to creating a unique experience for our guests. A delicious made-from-scratch menu utilizes the wealth of Utah's local agriculture that pairs perfectly with house-made beers that are straightforward, finely-tuned and built for the long haul. Whether they're passing through town, looking for a place to celebrate a special occasion, or a spot that they can establish themselves as regulars, our guests want a unique place built with character that gives them a chance to slow down and connect with others.

## THE CRAFT

Driven by his passion for Americana, vintage bikes and finely tuned craftsmanship, Rick set out to build the first brewpub in Utah County since Prohibition. He wanted a destination brewery, housed in a unique facility, that would appeal to locals and travelers alike.

Brewmaster Mike D. has been brewing beer since he was 15 years-old. After plying his skills at two different breweries in Texas, he and Rick met over their love of American heritage and rich craft traditions. Mike packed his recipes and moved to Springville, where he brews beer with distinctions and layers that excite both the novice and enthusiast.
